Dear Mr. Ressler:

This is in response to your April 3, 1989 letter requesting a 30 day extension to the submittal date for the Pier 91 Phase II Hydrogeological Investigation report.

I have reviewed this request and found it to be reasonable in light of the adjusted sampling schedule. Therefore, the due date for the Phase II report is extended to May 24, 1989.

If you have any questions please contact me at (206) 442-2806.

Sincerely,

Bill Adams
